

B670

Entrance control / Motorised gate

The B670 motorised gate is a high performance, safe, DDA compliant hinged gate, designed to compliment our full range of access control and barrier solutions. Its simplicity and understated good looks means that it does not look out of place in even the most prestigious of corporate receptions or public areas.

- **Fully DDA compliant**
- **Meets all safety standards**
- **Stainless steel body**
- **10mm crystal safety glass**
- **Interfaces with all Access Technologies**
- **Programmable fail safe for power failure**
