* Dimension A - Raking detail
  - Max rake of a standard panel = 550mm
  - Adjustment of post centres will be required to suit any intermediary rakes.

---

To fix cleat:
- Attach to either side of the post using a through M8 bolt.

**SHS post/panel assembly**

To fix panel:
- Offer the rail onto the cleat and insert bolt.
- Push as far as possible towards the post face.
- Make any adjustments to fence before snapping off nut.

To install a corner:
- Use a specific corner post with extra holes & bolts to secure cleats at 90deg’s

Make up panels are to be cut and drilled on site from standard panels.
Any cut or damaged surfaces need to be repaired accordingly.
